September 2017

Dear Parent/Carer

## GCSE SCIENCE REVISION GUIDES

We are recommending revision guides and workbooks to accompany our GCSE Science courses. Most students find the guides helpful when completing homework as well as using them to revise for tests and exams. These are available to order through the Science department at school.

**The total prices for revision guides and workbooks are:**

**Triple Science students:        £20**

**Double Science students:       £13**

If you wish to purchase revision guides please pay online via ParentPay ([www.parentpay.com](http://www.parentpay.com)) by Friday 22 September. The below slip detailing your order will then need to be handed in to your child's **Science teacher**. Science teachers will be able to advise double Science students regarding the choice of Higher or Foundation, however the books are very similar for both. If in doubt, Foundation is advised as it is essential to have a good grasp of the basics.

It is hoped that all Year 10 students will take advantage of this offer as the department have managed to obtain them at a greatly reduced price from the publisher. Year 11 students who did not order revision guides last year have a second opportunity to place an order. No student should be disadvantaged by not having this resource and if there are any difficulty please contact me at the school.

Yours faithfully

**Mrs J Seymour**  
KS4 Science co-ordinator
