Dear Parent/Carer

A LEVEL GEOGRAPHY TEXTBOOK AND WORKBOOKS HODDER EDUCATION

Hodder Education have published a TECbook and workbook that support the A Level Geography AQA specification. The TECbook is an online version of the textbook that we use in class and allows students to have individual access to the textbook and make online revision notes alongside the text. The workbook is an excellent resource with exam style questions to support students with their revision.

The cost of one annual subscription for the TECbook is £10.80 which is significantly less than purchasing a textbook (ISBN 9781471858697). The workbooks are £5.99 each for the Physical and Human Geography courses. (ISBN 9781471883156/9781471883156). The total cost will be £22.78.

I highly recommend that your son/daughter purchase the TEC book and the workbooks to support their A Level geography studies. If you would like your son/daughter to purchase these resources please do this through Parentpay. The deadline to pay is Friday 29th September 2017.

Yours faithfully

Mrs Paula Eastaugh
Head of Geography
