Dear Parent/Carer

GCSE SCIENCE REVISION GUIDES

We are recommending revision guides and workbooks to accompany our GCSE Science courses. Most students find the guides helpful when doing homework as well as using them to revise for tests and exams. These are available to order through the Science Department at school.

The total prices for revision guides and workbooks are:

Triple Science students	£20 (Physics, Chemistry and Biology workbooks and revision guides)
Double Science students	£13 (1 Combined Science workbook and 1 revision guide)

If you wish to purchase revision guides please pay online via ParentPay (www.parentpay.com) by Friday 21 September. The order slip, below, detailing your order will then need to be handed in by the student to their **Science teacher**. Science teachers will be able to advise double Science students regarding the choice of Higher or Foundation; however, the books are very similar for both. If in doubt, Foundation is advised as it is essential to have a good grasp of the basics.

It is hoped that all Year 10 students will request revision guides as the school is ordering at a greatly reduced price from the publisher. Year 11 students who did not order last year have a second opportunity to order these revision materials. No student should be disadvantaged by not having this resource, and so if the cost causes difficulty parents should contact me at the school.

Yours faithfully

Mrs J Seymour
KS4 Science Coordinator
