September 2018

Dear Parent/Carer

### **REVISION MATERIALS: GCSE FOUNDATION MATHEMATICS**

As your child begins their GCSE course in Mathematics, I felt this would be a good time to write to you to let you know about the course and some of the help and support available to them over the next two years and to offer you an opportunity to purchase revision guides.

Your child will be sitting AQA GCSE Mathematics (specification 8300) at Foundation tier which allows them to access grades 1-5.

Listed below are sources of help for pupils which we recommend:

- [CorbettMaths.com](http://CorbettMaths.com) – This website has a wide range of video tutorials, worksheets and textbook exercises to help pupils practice skills learnt in school
- [Course Textbooks](#) – These are accessible in PDF format from the Maths page of Fronter
- [CGP Revision Guides](#) – We are able to sell these at a special school-rate which is substantially cheaper than buying on the high street. We are offering all pupils the chance to buy a bundle of Revision Guides and Workbook with Answers for £5.08. Ordering and payment for these should be made online through ParentPay ([www.parentpay.com](http://www.parentpay.com)) by **Friday 28<sup>th</sup> September**.  
*Please tick the consent box.*

If you have any queries regarding your child's Mathematics or the above information, please direct them to your child's Mathematics teacher in the first instance.

Yours faithfully

**Miss E Bowe**  
KS4 Mathematics Coordinator
