

King James's School, Knaresborough

LEARNING FROM HOME

We value
EACH OTHER

- Be kind to others and stay connected with your friends
- Be sensible on social media, it's easy for things to seem worse when we can't see someone's face
- If you wouldn't like to read this about yourself don't type it

We value
OURSELVES

- If you are worried, upset or not feeling safe talk to someone at home
- Stay in touch with your tutor or contact school if you need support
- Remember your wellbeing – eat, sleep, exercise, relax, friendships

We value
OUR COMMUNITY

- Set up your working environment so it works for you
- Don't take your frustrations out on people at home
- Even though you are not in school, you are still part of the KJS family

We value
OUR EDUCATION

- Stick to your normal routine so it will be easier when you return to school
- Be clear where to put your completed work – exercise book or hand in to itslearning
- If you have finished your work quicker - revisit last weeks work, research the topic

READY

- Check your itslearning calendar for that day
- See what is being set for each lesson
- Check any messages
- Follow school break and lunchtimes

RESPECTFUL

- Try and join any live lessons
- Attempt all the work
- Be clear if you need to hand the work into itslearning or stick it into your exercise book

ENGAGED

- Use your initiative and other resources at home if you have them
- It's better to change the task a bit rather than give up
- Look carefully for information before you ask
- If you really can't work it out ask for help and message your teacher
