

Hi,

Hope you are all still ok and about to enjoy the next glorious bit of weather coming our way!

I know it's now definitely feeling like every day is the same and most days feel like another pyjama day for most of us but I genuinely hope you are managing to spend time on your favourite activities whether that's exercising, knitting, music, making tik tok videos, reading or anything else legal!

For those planning on going to uni, I hope you are getting to grips with the finance documents and feeling confident enough to make choices. For those pursuing other paths I hope you are finding enough good information and feel able to at least plan what you are going to do, especially if its travelling on a gap year!

As always if you have any concerns, questions or worries feel free to contact us lot from school, we really do like hearing from you!

Hope you're looking forward to next Friday's virtual assembly, I'm busy creating my contribution...

Take care and stay safe

Mr C

The premiere of the

virtual Year 13 Leavers' Assembly

Friday

May

22 2020
