

King James's School, Knaresborough

Information for parents

Learning Cycle 2 : 30th November – 5th February 2021

'We set no limits on what we can achieve'

Our expected school values at King James's School are for our students to be **READY, RESPECTFUL & ENGAGED**

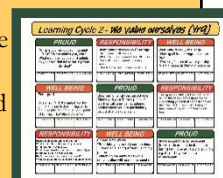

Learning Cycle 2: WE VALUE OURSELVES
Key Personal Qualities: RESPONSIBILITY, PROUD, WELLBEING

PARENT BULLETIN

We believe it is important students are able to take responsibility for their learning:

- To help students who are having to work from home please see the attached home learning guidelines. View guidelines [here](#).
- We have a weekly tutoring theme highlighted during form time and students are encouraged to complete the weekly tasks. View LC2 Bingo Card [here](#).
- Please support us by looking at their LC1 report together and discuss the targets they have set for LC2. Always relate the targets to their Attitude to Learning as this is the key to making good progress.*

We believe it is important to recognise and reward the positives, celebrating student's achievements and efforts.

- Tutors have reviewed with each student their Learning Cycle 1 report to discuss their positives and areas to improve.
- Students who have achieved an average Attitude to Learning above a 5 have been acknowledged by their Learning Managers and letters have been sent home. [View AtOL](#).
- Rewards Assembly have been conducted to celebrate the successes of LC1.
- Please support us by reviewing MCAS daily and reinforcing the positive behaviours students have demonstrated in school.*

We believe that with the increased use and reliance on mobile devices this is negatively affecting how our students think and learn.

- Please support us by reading the recent Head teacher communication and discussing this at home with your child. **Think, Learn and Behave** [View here](#).
- Please support us by keeping consistent routines at home and communicating to us any well-being concerns you may have.*

My child at school

My child at school (MCAS) is an excellent way of keeping up to date with your child's progress.

Please ensure you are able to access your MCAS account. If you have any problems logging into your account please contact Reception
