The study of tropical rainforests where you will investigate the issue of palm oil production in Indonesia.	OS map skills and knowing the world map and British Isles map	The study of the physical and human geography of Russia	The study of coastal processes and landforms	The study of settlements and Knaresborough Fieldwork to investigate how Knaresborough has changed over time

LEARNING CYCLES & ASSESSMENT

Poster to explain plant and animal adaptations in the rainforest	OS map skills test	Exam style assessment on Russia	End of year exam and fieldwork booklet
---	---------------------------	--	---

In addition to learning cycles you will be tested on your key vocabulary. You will be given lots of retrieval exercises to help you remember what you have learned.

HOMEWORK

For every unit of work you will learn key vocabulary. You will be set research tasks and have to revise for learning cycle assessments

GUIDANCE ON HOW TO ORGANISE YOUR LEARNING

- Learning journeys should be stuck in at the front of each topic
- Glossaries should be stuck at the back of your exercise book
- Present work neatly: write in blue or black pen and draw in pencil, always write the date and underline with a ruler
