

# A Level Economics (OCR) Revision Plan 2023

## Year 12 Economics End of Year Assessment

### Paper 2 Macroeconomics (Mr Philpott)

Primary Revision Resource:

**Textbook** - if you don't have a textbook for whatever reason, please speak to Mr. Foley or Mrs Burt

**OCR and 'its' learning** to access past exam papers

**OCR homepage:** <https://www.ocr.org.uk/qualifications/past-paper-finder/>

From here select AS from 2015

On its learning, you will find class resources, revision tasks and past exam papers.

In the coming weeks you need to begin revision outside of lessons to ensure that you cover all the topics prior to the assessment.

**Exam Content:** Below is an overview of the exam paper

#### Paper 2 - Macro –

**Section A – 15 multiple choice questions**

**Section B – short answer questions**

**Section C – Essay: select one from a choice of 2**

**Total marks – 60 Time 1 hour 30 minutes**

Week 3 1/5/23	<b>Keynesian Model</b> <ul style="list-style-type: none"><li>Circular flow of income</li><li>Aggregate demand, Aggregate supply and</li></ul>	412 - 437		

	equilibrium <ul style="list-style-type: none"> <li>• Multiplier and accelerator</li> </ul>			
Week 4 8/5/23	<b>Government macroeconomic policy</b> <ul style="list-style-type: none"> <li>• Supply side policy</li> <li>• Fiscal</li> <li>• Monetary policy</li> </ul>	438 - 449		
Week 5 15/05/23	<b>Policy conflicts – macroeconomic objectives</b> <ul style="list-style-type: none"> <li>• Income distribution</li> <li>• The Phillips Curve</li> </ul>	462-471		
Week 6 22/05/23	<b>Balance of payments and exchange rates</b>	358 - 380		
Week 7 29/5/23	<b>General Revision and Exam Technique</b>			

We recommend that you follow the revision schedule set out above for each week in preparation for your exam in June. While revising you should:

To **revise content**, you should:

- Create your own revision notes by choose the technique that works for you **or** ask your teacher or for suggestions if you are unsure.
- Put your class notes, homework's and text book information into a revisable format.
- Get someone to test you.

To **practice exam technique**, you should:

- Do exam practice which are available on the OCR website or its learning. Use the mark schemes to help inform content and allocation of marks.

#### **Remember**

- If you are already revising and have your own plan, you don't have to follow this plan.

**Revision: The following websites and YouTube channels are brilliant for revision:**

#### **Youtube Channels**

- Tutor2u
- EconplusDal
- pajholden

**Exam Technique – we would recommend that you watch the following to help answer questions**

**10 Mark Question**

**20 Mark Question**

**AO1** Demonstrate knowledge and understanding of the specified content.

**AO2** Apply knowledge and understanding of the specified content to problems and issues arising from both familiar and unfamiliar situations.

**AO3** Analyse economic problems and issues.

**AO4** Evaluate economic arguments and evidence, making informed judgements.
