40% of final grade	40% of final grade	20% of final grade				
2 hour 30 min exam	2 hour 30 min exam	n/a				
<ul style="list-style-type: none"> Coastal systems & landscapes Water & carbon cycles Hazards 	<ul style="list-style-type: none"> Contemporary urban environments Changing places Global systems & global governance 	<p>All students are required to undertake fieldwork in relation to processes in both physical and human geography. You undertake <u>four days of fieldwork</u> during the A Level course.</p> <table border="1"> <tr> <td>Saltaire A case study of a local place</td> </tr> <tr> <td>Holderness coast An example of a stretch of coastline & coastal management</td> </tr> <tr> <td>Leeds A case study of an urban area</td> </tr> <tr> <td>NEA Data Collection</td> </tr> </table>	Saltaire A case study of a local place	Holderness coast An example of a stretch of coastline & coastal management	Leeds A case study of an urban area	NEA Data Collection
Saltaire A case study of a local place						
Holderness coast An example of a stretch of coastline & coastal management						
Leeds A case study of an urban area						
NEA Data Collection						

MARKING & FEEDBACK
<ul style="list-style-type: none"> ✓ Learning cycle assessments will be a past exam question. Your work will be marked using the AQA mark schemes and then feedback will be given using the department feedback sheet. ✓ Self and peer assessment: You will be required to mark your own work and other student work using the AQA mark schemes.

ORGANISATION OF WORK
<ul style="list-style-type: none"> ✓ You need a physical and a human geography A4 lever arch file. ✓ Learning journeys and schemes of work for each topic should be at the front of each unit of work. ✓ Glossaries to be completed for each topic – you should also use www.quizlet.com to test your key vocabulary. ✓ Homework will be set each week. You will get roughly four hours of homework set each week. ✓ Feedback and redrafting exam questions to be done in purple pen.
